Costco's Risk Free 100% Satisfaction Guarantee

Membership: We will refund your membership fee in full at any time if you are dissatisfied.

Merchandise: We guarantee your satisfaction on every product we sell and will refund your purchase price, with the following exceptions:

1. Electronics: Costco will accept returns within 90 days from the date of purchase for televisions, projectors, computers, cameras, camcorders, touch-screen tablets, MP3 players and cellular phones and other products identified by Costco from time to time.

2. Diamonds: When returning items containing a 1.00 ct diamond or larger, Costco will require additional time to verify the diamond, in which case a refund will be approved upon positive verification. This process may require two to five business days.

If you request an item be picked up for return, the item must be packaged and available for pick up in the same manner as it was delivered.

If your order was delivered "curb side", it will need to be available for curb side pick up.

If the item arrived to you in a box, it will need to be in a box at the time of pick up.

Costco may in the future restrict its return policy regarding other products. Restriction will be shown at the point of purchase.

Work well for a week and then refuse to turn on

solos

Location: Ottawa, ON
Date: January 25, 2015

Pros: very nicely designed tablet-laptop if it works
Cons: cannot be turned on just after a week.

" I purchased the SP3 during boxing day. It was working very well for a week. We loved it and thought we found a perfect replacement for our laptop. Then all at a sudden, one day it could no longer be turned on. We tried everything we can and every method we can find online. Nothing works. Apparently it is not an uncommon problem for SP3 and Microsoft has failed to fully address the problem.

So we called Costco Concierge and the CSR was very good and helped us to connect to Microsoft. After trying a couple of things, the Microsoft technician just asked us to return it to them. And we have to go to a courier and send it back to them first and then they will send a replacement. I said forget it and I will return to Costco!

What a big disappointment! If it works it is a great product. But it failed to turn on after only about a week. Won't have the confidence to try another one. "

Best Work Machine I have ever used

SA33

Location: Toronto
Date: January 14, 2015

Pros: sizr, look, keyboard colors
Cons: takes time to get used to

" This is the best work laptop ever.
I am using it as my primary machine and work on it whole day. I di have a docking station added and it has replaced my Lenovo.
I highly recommend it. "

More options?

" Add ons should be available for this product, such as different processor and hard drive/ssd capacities. I wold also like the option to choose different colours for the touch keyboard :]

I got this tablet 2 months ago, and I find that the bluetooth pen works well but sometimes takes a long time to connect to the display. Also, the mouse pad on the touch keyboard is glitchy and not user friendly in my experience.

Otherwise, I enjoy the way this table really replaces my laptop. The SSD performs great! I wish the keyboard would be able to hold up the tablet, without using the hinge at the back which is quite uncomfortable for using on my lap. "

Excellent, but not full bundle**Pros:** size**Cons:** no add on purchase options

" This is an excellent buy, but it is not a full bundle. It should include a docking station or at least as a purchase add on. You need a docking station if you want to totally replace your laptop.

Also add on purchase option should have the 256 G or 512 G option in i5 and/or i7 "
